

T R I O®
Loving Life and **Light**

“Loving Life and Light” is all about pleasure, emotion and that extra flair to exceed mediocrity whilst remaining focussed.

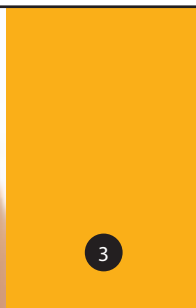

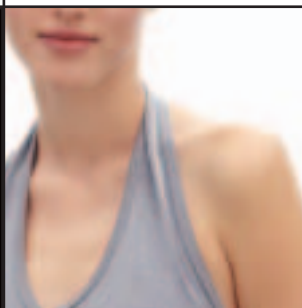

Our designers translated this into a rich and stylish assortment of affordable products with a healthy price/quality ratio.

Our marketers translated this into a lively and powerful brand, which reflects the joy of owning Trio lighting at home.

Our logistics team translated this into a logistical flow to assure a high service degree.

For you, our business partner, Trio is the opportunity to boost sales and to differentiate yourself from competition with a growing collection, specialising in decorative indoor lighting,

Trio is the latest brand to be launched by Partners in Lighting International. Established 80 years ago, the group has many brands in consumer and architectural lighting.
